

Air Scrubber

BY AERUS

WITH CERTIFIED SPACE TECHNOLOGY™

ActivePure® Technology that attaches directly to the HVAC system ductwork to remove surface contaminants, air pollution, VOCs, pet dander, odors and dust, resulting in a cleaner, healthier and more efficient environment. The perfect solution for homeowners and businesses who want to safer living and working environments.

New & Improved Patented Cell Design

BENEFITS

- New & improved PATENTED ActivePure® Cell destroys over 99% of all surface and airborne contaminants faster
- Safely removes allergy and asthma triggering contaminants
- Purifies air, removes VOCs, and significantly reduces odors
- Protects heating and cooling system from potentially dangerous buildup
- Creates a cleaner, safer indoor environment

HOW IT WORKS

- Our proprietary ActivePure® Technology uses light waves and a catalytic process to produce scrubber ions hydro peroxides that destroy contaminants on surfaces and in the air
- Features a high intensity UVC light that makes use of the same oxidation and ionizing properties of light as naturally occurring in sunlight
- Certified Space Technology continuously protects and purifies the environment around you
- Proven effective in Independent studies against bacteria, viruses, mold and fungi contaminants on surfaces and in the air
- Installed by a professional directly to the existing HVAC system ductwork

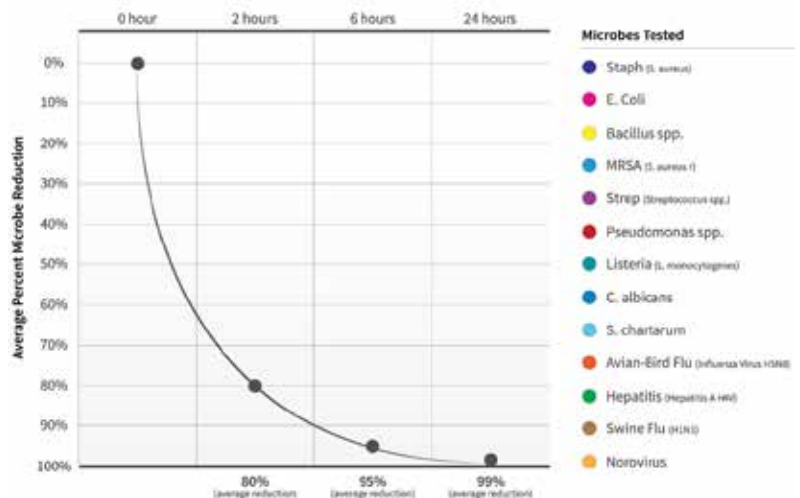

SPECIFICATIONS:

Air Scrubber by Aerus	9960051 Model: A1013P NOTE: This DOES NOT meet California requirements and can not be shipped in California.
Air Scrubber by Aerus (Ozone Free)	9960052 (ozone free) Model: A1013U Meets California ozone emissions limit. CARB Certified.
Technology	ActivePure®
Electrical	Input Voltage: 24 Volts 1 Amp, 50/60 Hz Current: 17 Watts
Mechanical	Distribution via air handler
Dimensions	8.5" high x 8.5" wide x 11" deep
Weight	3 lbs.
Operating temp.	34°F – 200°F
Coverage	Up to 2,000 sq. ft. Nominal, 3,000 sq. ft. Maximum
Warranty	Limited 5 year warranty

REDUCTION OF SURFACE CONTAMINANTS

Testing conducted by Kansas State University

2017 Space Technology Hall of Fame Inductee

The ActivePure® Technology built into each Air Scrubber by Aerus is based on a variation of the technology originally developed for use on the International Space Station and is recognized as the exclusive Certified Space Technology™ in its category.
